

Quiz App Software Development Schedule (10 Weeks)

Project Information

Project Name: Quiz App

Programming Language: Java

Course: Software Development 1

Week 1: Project Planning and Requirement Analysis

What I Will Do

- Analyze project requirements.
- Identify software features and modules.
- Prepare project scope and objectives.
- Create development roadmap.
- Research quiz application concepts.

What I Need to Learn

- Software Development Life Cycle (SDLC)
- Requirement Analysis
- Git and GitHub Basics
- Java Project Structure

GitHub Upload

- Project Proposal
- Requirement Analysis Document
- Initial README File

What I Will Demonstrate

- Project Idea
 - Software Features
 - Development Plan
-

Week 2: Software Design

What I Will Do

- Design software architecture.
- Create class diagram.
- Design application workflow.
- Plan user interface layout.

What I Need to Learn

- Object-Oriented Programming (OOP)
- UML Class Diagram
- Java Classes and Objects
- Software Design Principles

GitHub Upload

- System Design Document
- Class Diagram
- Project Structure

What I Will Demonstrate

- Software Architecture
 - Workflow Design
 - Class Diagram
-

Week 3: User Interface Development

What I Will Do

- Create application window.
- Design Main Menu.
- Add Start Quiz, About and Exit options.
- Create navigation system.

What I Need to Learn

- Java Swing
- JFrame
- JButton
- Event Handling

GitHub Upload

- Main Menu Source Code
- GUI Design Files

What I Will Demonstrate

- Working Main Menu
 - Navigation System
-

Week 4: Question Management System

What I Will Do

- Create question database.
- Store questions and answers.
- Display questions dynamically.
- Organize quiz categories.

What I Need to Learn

- Arrays and ArrayList
- Java Collections
- Data Storage Concepts

GitHub Upload

- Question Module
- Question Database

What I Will Demonstrate

- Question Display System
 - Question Management
-

Week 5: Quiz Gameplay Implementation

What I Will Do

- Implement answer selection.
- Add Next Question functionality.
- Track user responses.
- Display selected answers.

What I Need to Learn

- Radio Buttons
- Event Driven Programming
- User Input Handling

GitHub Upload

- Quiz Logic Module
- Answer Selection Module

What I Will Demonstrate

- Answer Selection
 - Quiz Navigation
-

Week 6: Score Calculation System

What I Will Do

- Calculate quiz scores.
- Check correct and incorrect answers.
- Generate result data.
- Display score information.

What I Need to Learn

- Conditional Statements
- Loops
- Score Calculation Logic

GitHub Upload

- Score Module
- Result Processing Module

What I Will Demonstrate

- Automatic Score Calculation
 - Result Generation
-

Week 7: Software Features Enhancement

What I Will Do

- Add Quiz Timer.
- Add Restart Option.
- Improve software usability.
- Display progress indicator.

What I Need to Learn

- Java Timer
- Labels and Dynamic Updates
- State Management

GitHub Upload

- Timer Feature
- Restart Function
- Progress Tracker

What I Will Demonstrate

- Timer Working
 - Restart Functionality
 - Progress Display
-

Week 8: Feedback and Result System

What I Will Do

- Display correct answers.
- Show feedback after quiz completion.
- Create result summary page.
- Show performance statistics.

What I Need to Learn

- Result Processing
- Data Presentation
- GUI Components

GitHub Upload

- Feedback Module
- Result Page Module

What I Will Demonstrate

- Result Summary
 - User Feedback System
-

Week 9: Software Finalization

What I Will Do

- Improve UI design.
- Add About Section.
- Optimize application performance.
- Fix minor issues.

What I Need to Learn

- Software Testing Basics
- UI Improvement Techniques
- User Experience Design

GitHub Upload

- Updated User Interface
- About Section
- Final Feature Updates

What I Will Demonstrate

- Complete Software Workflow
 - Improved Interface
-

Week 10: Testing and Final Release

What I Will Do

- Perform complete testing.
- Fix bugs and errors.
- Prepare documentation.
- Prepare final presentation.

What I Need to Learn

- Software Testing
- Debugging
- Documentation Writing
- Presentation Skills

GitHub Upload

- Final Source Code
- Documentation
- User Manual
- Screenshots
- Version 1.0 Release

What I Will Demonstrate

- Complete Software Application
- All Features Working
- Final Project Presentation

Final Features of Quiz App

- Main Menu
- Multiple Choice Questions
- Answer Selection
- Score Calculation
- Quiz Timer
- Progress Indicator
- Feedback System
- Result Summary
- Restart Quiz
- About Section
